Any child between the ages of 3-4 is encouraged to join our Pre-K and Kindergarten class. However, if they are not currently enrolled in a school sponsored K4 program they must have a parent join them for classes. We love to have extra help for our little ones, and parents are by far their BEST teacher!

Please list any allergies or medical conditions that **you feel your child's teacher may need to be aware of. Occasionally the students will have a snack in their classrooms, or during group activities in the Youth Room.*
